

CONTACT INFORMATION	<p>The University of North Carolina at Chapel Hill School of Public Health, Department of Epidemiology 123 West Franklin Street, Suite 410 Chapel Hill, NC 27516 USA</p>	<p><i>E-mail:</i> alvin@jhmi.edu <i>Github:</i> alvinthomas <i>Twitter:</i> @alvinthomas13 <i>LinkedIn:</i> @alvinthomas13</p>
RESEARCH INTERESTS	<p>Healthy Aging with End-Stage Renal Disease: My research explores the relationship between neurons and nephrons, with a specific focus on clinically important epidemiologic questions at the intersection of vascular and cognitive aging. Patients with declining kidney function are at higher risk of cognitive decline and incident dementia. I hope to identify interventions to improve kidney disease outcomes and promote healthy aging.</p> <p>Advancing Epidemiologic Methods: As an educator, I hope to shorten the lag between the development of advanced epidemiologic and biostatistical tools and their application in chronic disease epidemiology.</p> <p>Patient-Centered eHealth: I am also involved in the development of a number of eHealth tools designed to connect, educate, and empower solid organ transplant donors and recipients.</p>	
CURRENT POSITION	<p>Doctoral Student, The University of North Carolina School of Public Health, Department of Epidemiology</p>	2018-Present
EDUCATION	<p>The University of North Carolina, Chapel Hill, NC</p> <p>PhD, Epidemiology, In Progress</p> <ul style="list-style-type: none"> • Focus: Cardiovascular Epidemiology • Adviser: Gerardo M. Heiss, MD, PhD <p>The Johns Hopkins University, Baltimore, MD</p> <p>MSPH, International Health, May 2016</p> <ul style="list-style-type: none"> • Focus: Global Disease Epidemiology and Control (GDEC) • Thesis: <i>The mLAKE Community Trial: Using mHealth to Empower CHWs to Encourage Combination HIV Prevention</i> • Adviser: Larry W. Chang, MD, MPH <p>Washington and Lee University, Lexington, VA</p> <p>BS, Chemistry-Engineering, May 2014</p> <ul style="list-style-type: none"> • <i>Honors</i> in Engineering • Minor in Poverty and Human Capabilities • Thesis: <i>Plasticity in Dissociated Neuronal Networks under Chronic Stimulation</i> • Adviser: Jonathan Erickson, PhD

INVITED TALKS

- [1] The National Landscape of Living Kidney Donor Follow-up in the United States. In: *American Society of Transplantation and American Journal of Transplantation Journal Club*, Online, December 7, 2017.
- [2] Utilizing Digital Tools for Living Kidney Donor Follow-up. In: *Texas Transplant Institute at Methodist Hospital*, San Antonio, TX, USA, March 5, 2018.
- [3] Scientific Insights from Nine Years of the National Kidney Registry. In: *Johns Hopkins University Division of Immunogenetics and Transplantation Immunology*, Baltimore, MD, USA, June 12, 2018.

EXTRAMURAL FUNDING

NIH, National Heart, Lung, and Blood Institute (NHLBI)
5T32HL007055 Rosamond & Heiss (Co-PIs) 8/18/2018-8/17/2019 12 months (100%)
Cardiovascular Epidemiology Training Grant
 Primary Goals: Pre-doctoral traning grant to develop the requisite research skills and expertise in the area of cardiovascular disease epidemiology and outcomes research.
 Role: Predoctoral Trainee

TEACHING EXPERIENCE

Johns Hopkins University Bloomberg School of Public Health, Baltimore, MD
Guest Lecturer **May 2017**

- **340.600.01: Stata Programming**
 - Graduate course in intermediate Stata programming
 - Main instructors: [Dorry L. Segev](#), [Allan B. Massie](#)
 - Lecture: “From a Dirty Dataset to Table 1”
 - Enrollment: 281

RESEARCH EXPERIENCE

Research Data Analyst | Johns Hopkins University | 2016-2018

- Responsible for data analysis and manuscript preparation for >30 research projects in transplantation epidemiology. Managed data for an ongoing NIH-funded prospective study of living donors. Supported the development of novel eHealth technologies for kidney donors engagement and follow-up. Developed and maintained statistical software in R and Stata. Advisor: Dorry Segev, MD PhD

Research Assistant | Rakai Health Science Program | 2015-2016

- Trained community health workers and study staff involved in the implementation of two NIH-funded studies in Rakai, Uganda. Developed the standard operating procedures for data quality and management and contributed to the development of study questionnaires and protocols. Developed analytic R scripts to regularly generate weekly study implementation reports. Assisted in the development and testing of two mHealth applications. Advisor: Larry Chang, MD MPH.

Data Manager | Johns Hopkins University | 2016

- Performed data management activities to ensure data quality using SAS, EpiInfo, and Stata for the NSEBA Study which aims to improve detection of pediatric HIV in Zambia. Advisor: Catherine Sutcliffe, PhD.

Research Assistant | International Vaccine Access Center | 2014-2015

- Abstracted data from >100 journal articles for a systematic review that aimed to estimate the global burden of Haemophilus influenza type B, Streptococcus Pneumoniae, and Neisseria meningitides.

Student Reseracher | Shepherd Poverty Program | 2013

- Analyzed data from the CDC Health, 2011 report to present longitudinal data analysis on the relationship between socioeconomic status and health status. Funded by the University Research Scholarship. Advisor: Harlan Beckley, PhD

Biomedical Engineering Technician | Engineering World Health | 2013

- Fully repaired 20 medical devices, took full inventories of the Rubavu hospital and its ten surrounding health clinics, and conceptualized a novel medical device to perform lab equipment calibrations in resource-scarce environments.

AMERICORPS
SERVICE

Robotics Program Founder | Lexington City Schools | 2011-2014

- Created and ran a program that uses Lego NXT robots to introduce middle school and elementary students to robotics, computer science, and engineering design utilizing a \$2500 grant from NSF.

Shift Leader | Campus Kitchens Project | 2011-2014

- Addressed local hunger as a ServSafe-certified manager by supervising shifts that collected, prepared, and served over 300 meals/week.

Trip Coordinator | Volunteer Venture Program | 2011-2013

- Coordinated three weeklong service trips for incoming students, which involves budget management and logistical planning.

Therapeutic Nursery Intern | Kennedy Krieger Institute | 2011

- Conducted play-therapy sessions with toddlers and families experiencing homelessness. Provided care for the children and assisted with an active study in child psychology.

Patient Eligibility Intern | Rockbridge Area Health Center | 2010-2012

- Helped manage the medical database, helped eligible patients acquire free medication from pharmaceutical companies, and answered patient questions by phone.

SOFTWARE
SKILLS

Statistical/Numerical Analysis:

- Stata, R, SAS, MATLAB, Maple

Computer Programming:

- Java, C++, C, Python, SQL

Version Control:

- Git (GitHub/GitLab)

Productivity and Editing Software:

- Atom, Xcode, RStudio
- \TeX (\LaTeX , \BibTeX)
- Microsoft Office, LibreOffice, Google Docs, iWork, EndNote
- GIMP, Adobe Photoshop

Operating Systems:

- Apple MacOS, Microsoft Windows, Linux (Fedora, SGE)

AWARDS

American Transplant Congress 2017

- Best of Congress Poster for "Use of Pulsatile Perfusion Modifies the Effect of Delayed Graft Function on Graft Failure"
- Poster of Distiction for "Use of Pulsatile Perfusion Modifies the Effect of Delayed Graft Function on Graft Failure"

Johns Hopkins University Bloomberg School of Public Health

- Center for Global Health Established Field Placement/Pilot Grant, 2015

Washington and Lee University

- Algernon Sydney Sullivan Award, 2014
- Omicron Delta Kappa Leader of the Year, 2014
- Sigma Pi Sigma Physics Honor Society, 2013
- Johnson Opportunity Grant, 2013
- Evans International Grant, 2013
- Avis P. Waring Scholarship, 2013
- Omicron Delta Kappa Leadership Honor Society, 2013
- Beta Beta Beta Biological Honor Society, 2011
- Bonner Scholarship, 2010
- Johnson Scholarship, 2010-2014

ACTIVITES

Journal Peer Review (ad hoc)

- American Journal of Transplantation (AJT)
- Journal of Internet Medical Research (JMIR)

Conference Abstract Review

- Society for Epidemiologic Research, 2018-

Memberships

- Student Member, American Society of Nephrology (ASN), 2018-
- Trainee Member, Society for Epidemiologic Research (SER), 2017-
- Trainee Member, American Society of Transplant Surgeons (ASTS), 2016-
- Student Member, Society for Neuroscience (SFN), 2013
